PET ACTIVITY TRACKER

USER MANUAL
*Bedienungsanleitung * Mode d'emploi * Manuale dell'Utente*

Tractive MOTION **Pet Activity Tracker**

Tractive MOTION tracks your **pet's activity** 24 hours a day. You get the data and statistics directly on your smartphone, using the free Tractive MOTION apps for iPhone, Android and Windows Phone.

An active pet, is a healthy pet!

Pet Points represent the activity of your pet during the day and are counted towards your set goal. Help your pet reach the daily goal by being more active with your pet.
4601
OF 6.000 PET POINTS

(1) **Charge**

Remove the black silicon clip and charge the Tractive MOTION device by using the included USB charging cable.
Connect it to your PC or via a Tractive USB wall charger. A full battery icon on the display will indicate when Tractive MOTION is fully charged.

You can also order a wall outlet USB charger or car charger on
shop.tractive.com

(2) Download App

Download the free Tractive MOTION application from the Apple App Store, the Google Play Store or the Windows Phone Store.
(3) **Pair & Sync**

1) Make sure Bluetooth is enabled on your mobile phone.
2) Turn on Tractive MOTION by pressing the hardware button for 3 seconds.
3) Open the Tractive MOTION app and follow the instructions to add a new pet.
4) Your phone will automatically pair with your device.

Whenever your phone is close to Tractive MOTION your app will **automatically** sync the collected data.
Tractive MOTION has enough memory to store 7 days worth of activity data.

Reset Tractive MOTION

In case you want to pair your Tractive MOTION with a different pet, a reset is recommended.

1) Press and hold the main button of your Tractive MOTION device.
2) Briefly push the reset button on the back of the device with a pen tip.
3) Once the display turns off, release the main button.

2) press the reset button briefly

1) press and hold the main button

DECLARATION OF CONFORMITY

EMC Directive 1999/5/EC:
Short text of the Declaration of conformity: Tractive GmbH hereby declares that the Tractive MOTION (item no. TRAPB1) conforms to the fundamental requirements and other relevant provisions of directive 1999/5/EC. The full text of the declaration of conformity can be viewed on our website: tractive.com

FCC Compliance Statement
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

WARNING: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful inter-

ference to radio communications.
However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and the receiver.
• Consult the dealer or an experienced radio/TV technician for help.
