maxi

### Fits all types of buggy

Incorporating the patented Lascal EASY-FIT™ connection system, the BuggyBoard™ fits every type of buggy.

### Safe to stand on

Large, anti-slip surface with side protection frame, a firm and comfortable platform for your child's safety.

Extra large

### Extra space

Big wheels plus a wide platform – plenty of clearance for Mum's feet.

More space

### Quick release

Push button operation for an easy connect / disconnect.

## BuggyBoard™ best by design

### BuggyBoard™ the ultimate ride-on platform

Best by design, the BuggyBoard™ attaches to your pram or buggy providing a safe and practical transport for tired toddlers. Equipped with the unique Lascal EASY-FIT™ system, the connectors are flexible to adapt to almost any single or double buggy, stroller, 3-wheeler, travel system, pram or pushchair. Move it between your buggies, it's the only Board you will ever need.

### Safe

Safely positioned between your arms, BuggyBoard™ positions your child in a secure place in crowds and high traffic areas. When your child is too tired to walk, when you are in a hurry, BuggyBoard™ makes it easier.

### Mini or Maxi

Choose between the BuggyBoard™ Mini, the compact **lightweight model**, comfortable by design, ideal for umbrella strollers, or the **premium design**, the BuggyBoard™ Maxi, which boasts an extra-large anti-slip platform, higher ground clearance and an even more comfortable suspension system.

### Fitting Advice
