Important Safety Information

Proper safety warning information can avoid potential danger for people and pets. Please read the safety information carefully.

1.Do not place anything on top of the feeder.
2.The feeder is suitable for operation by users over 12 years old.
3.Suit for both wet and dry food.
4.Support both power supply and Micro USB Interface power supply.
5.The feeder body is forbidden to dip in, or it will cause the feeder broken.
6.When the low voltage indicator is solid, please replace the battery in time. If you do not use the battery for a long time, please take out to avoid battery corrosion.
7.When both plug in and install the battery, power supply is in priority.
