

**Smart feed container with vacuum unit**

## INSTALLATION

1. Attach the handle to the hooks on both sides of the container

2. Remove the vacuum unit and turn it on by pressing and holding the button power for 2 seconds

3. Close the lid, align the vacuum unit with the hole in the lid, press down and make sure the side latches secure the lid. Vacuuming will start automatically.

## DAILY USE

1. Press the lid latches and wait until you hear the air release before opening the lid.
2. Close the lid. The container will automatically start vacuuming.

Make sure the latches are properly locked.

## INDICATOR LIGHTS

### **Steady blue light:**

The vacuum unit is sufficiently charged. No light is on in operating mode.

**Steady red light:**

Battery is low. Please charge the vacuum unit.

**The lights flash blue:**

Vacuuming is in progress.

**The lights flash red:**

Vacuuming failed.
