

USER MANUAL – FOOBLE BALL MINI

Function:

A pet ball that ensures regular dosing of treats or selected food dry food at intervals that you can set at will. Thanks to the combination of play with tasty as a reward, it will keep your pet entertained for several hours, as it awakens its hunting instincts and also develops logical thinking.

Inserting batteries:

- 1) Unscrew the bottom of the ball (where the power button is located). Hold down the green button and gently turn the cap.
- 2) Now unscrew the battery cover and insert **3pcs AAA batteries**
- 3) Screw the battery cover back on tightly.

Setting the time interval:

- 1) Use the slider to select the interval for dispensing treats or food.
15, 30, 60 or 90 min (the total time will be your selected interval times 6 = number of compartments)
- 2) After setting the interval, screw the cap back on. For faster operation, the cap has unlocked and locked lock icons.

Filling the tank:

- 1) Now unscrew the second part of the ball, where the container for the selected treats is located.
- 2) After filling, screw the lid back on tightly. Only put dry treats and food into the ball.

Now the ball is ready to use. Just press the power button and the selected treat will fall out at the time interval you have selected. Before using the toy, familiarize your pet with it, show him the treats inside so that he understands what they are for.

Maintenance:

To make the ball safe for your pet, it is necessary to wash it. Disassemble it as needed and wash the inside with warm spring water. The only part that must not come into contact with water is the lid, where the batteries and control panel are located. After that, the ball does not want to dry freely in the air.
