

## Menforsan Antiparasitic Collar for Dogs – 57 cm

Natural protection against fleas, ticks and mosquitoes

PACKAGE CONTENTS: 1x antiparasitic collar for dogs

Length: 57 cm

Effectiveness: up to 90 days

### INSTRUCTIONS FOR USE:

Remove the collar from the protective packaging just before use.

Place it around the dog's neck—do not tighten too much; ideally, leave a gap of 2 fingers.

Cut off the excess end.

Leave the collar on at all times for continued protection.

Effectiveness is activated within a few hours of application.

### NOTICE:

Only for dogs over 3 months old

Do not use on dogs with damaged skin in the neck area.

Not intended for ingestion.

Remove the collar if skin irritation occurs.

Keep out of reach of children.

Suitable for animals only

### COMPOSITION:

Margosa (*Azadirachta indica*) – a natural insecticide with repellent effects

Geraniol – a natural insect repellent

Lavender oil – calming and repellent effect
