

## Anti-Parasite Spot-On for dogs, 2 pcs

### PACKAGE CONTENTS:

- 2x Spot-On with antiparasitic effects for dogs

### PRODUCT DESCRIPTION:

Menforsan Anti-Parasite Spot-On is an effective way to protect your dog against fleas, ticks, and other external parasites. Each pipette contains natural ingredients that repel parasites and provide long-term protection. This product is ideal for dogs of all sizes and ages.

### INSTRUCTIONS FOR USE:

1. Remove the pipette from the packaging.
2. Carefully open the pipette by breaking off the tip.

Try to apply the contents of the pipette directly to the dog's skin, to the area between the shoulder blades, where the dog will not be able to lick the product off.

For optimal results, it is recommended to use one pipette per dog every 4 weeks.

After application, allow the spot-on to dry and avoid contact with wet fur or water for 24 hours.

### NOTICE:

- For animals only
- Use only for dogs, not cats
- Not suitable for puppies under 2 months old
- Keep out of reach of children.
- Discontinue use if skin irritation occurs.
- Store in a cool, dry place, out of direct sunlight.
- For external use only

### COMPOSITION:

- Natural repellent ingredients (margosa extract, citronella)
- Isopropyl alcohol
