DOG GPS neo

QUICK START GUIDE

www.dogtrace.com

www.doggpstrackers.com

GET IT ON Google Play

Download on the App Store

en

1. DOWNLOAD THE APP AND ACTIVATE THE COLLAR

Download the Pet Tracker app for Android or iOS to your phone.
Sign up and activate your DOG GPS neo collar in the Pet Tracker app. Enter the **ID number and PIN 1** listed on the label inside the box.

2. PAY

Subscribe to the plan directly in the app.

After registering the collar and paying the subscription fee, check the collar software needs to be updated, update if necessary.

3. TURN ON THE COLLAR

Charge the collar; see Chapter 4 – the collar will turn on automatically, **or turn it on by placing the charger against the collar**:

- Place the edge of the charger against the ⏻ symbol marked on the collar for approximately **4 seconds**.
- When turning on, the indicator lights up, followed by the indicator, and an ascending melody sounds.

You can also turn the collar off this way.

- When turning off, the indicator lights will illuminate, followed by the indicator light, and a descending melody will sound.

4. CHARGE THE COLLAR

Attach the charging clip to the collar. The built-in magnets will automatically snap into place.

- An audible signal sounds when the charger is connected.
- During charging, the status LEDs pulse according to the charge level. Once the battery is fully charged, the LEDs flash approximately once every 10 seconds.
- Charging time is approximately 2 hours.

To display all statuses, you must briefly hold the charging clip corner to the ⏻ **"Power"** symbol. Holding it longer would turn the collar on or off. The statuses are displayed automatically in sequence, from **"1. Device Status"** to **"4. Bluetooth Status".**

1. Device Status

	Collar ON
	Collar OFF

2. Network Connection Status

Mobile network	GPS
Data sent successfully	
Network connected	GPS OK
Data sending failed	
Not connected	NO GPS
Initialization after startup	
Awaiting connection	Awaiting connection

3. Battery Status

	< 100 %
	< 75 %
	< 50 %
	< 25 %
– flashes	< 15 %

4. Bluetooth Status

	Paired
- flashes 4 times	Not paired
- pulses	Pairing in progress

5. PUT A COLLAR

Attach the DOG GPS neo to your dog's collar using **the silicone clip.**
