Fountain

Filter

5 V 2 A Power Supply

Micro USB Cable 4 feet (1.2M)

Replacement Foam

Meet your Fresco Ultra

How sterilization works:

The UVC ultraviolet light emitted by the tube at the bottom of the fountain can destroy the DNA structure of microorganisms such as bacteria, causing the bacteria to die. It works for 3 minutes every interval. The lighting lasts for 3 minutes every interval killing up to 99.7% bacteria.

Operations

1) Assembly

Please put all parts in the right places according to the illustration.

2) Power on

Connect the Micro USB cable to the power input port at the bottom, then connect A/C adapter to the wall outlet.

3) Fill up

Pour water into the bucket. Do not exceed the max water level.

4) Clean up

Lift the bucket and clean the inside of the bucket.

5) Accessories replacing

It is recommended to replace the filter and foam regularly.

6) Connect the fountain

Download the Petoneer App and connect the fountain to your Wi-Fi to monitor and control.

Quick setup

1. **Scan the QR code** on the right and download the Petoneer App, which is available on App Store and Google Play. Click Sign up to get walked through to create your Petoneer account.

2. **Power on** and ensure the Wi-Fi Indicator LED is flashing slowly, reflecting the device is ready for joining the Wi-Fi. Open the Petoneer App and click the '+' button and get walked through the SET-UP steps.

Notice:

1. The fountain doesn't support the 5 GHz Wi-Fi, please make sure your Wi-Fi is 2.4 G.
2. If the Wi-Fi indicator is not blinking fast after power-on, please long press and hold the manual feed button until the indicator blinks quickly.

LED status

LED status

Blue	Water level
Red	Filter change alert

Specification

Weight:	43.03 oz (1220 g)	Size:	8.19 x 7.80 x 7.13 inches (208 x 198 x 181 mm)
Power input:	DC 5 V 2 A	Capacity:	2 L
Communication:	Wi-Fi	Range:	98.5 feet (30 m)
Sterilization rate:	99.7 %	UVC tube life:	15 000 hours

Precautions

1. **Please use** it in the indoor environment.
2. **When cleaning** the bucket, do not directly wash the bottom of the bucket or soak it in the water; when cleaning the whole machine, do disconnect the power supply.
3. **Children must** use the unit under the guidance of an adult.
4. **Please place** the unit on the flat ground to prevent accidental overturning, causing the fountain to sprinkle or not work correctly.
5. **Please shield** or organize the power cord well to prevent the pet from biting the cable and causing dangerous situations such as electric shock.
6. **This fountain** is suitable for cats or small and medium-size dogs.
7. **TDS (Total dissolved solids):** The content of dissolved solids in water. The lower the TDS value, the higher the purity of the water. TDS is used as an indicator to determine the general quality of the water. The water quality criteria and standards vary a lot depending on different countries and regions. Please refer to the local standards.

The device has been approved for use in EU countries and is therefore provided with the **CE mark**. All necessary documentation is available on the website: www.electric-collars.com
Changes to technical parameters, properties and printing errors reserved.
