

## Instructions for use – Menforsan Anti-stress spot-on for cats (2 pcs)

---

### Product

**description:** Menforsan anti-stress spot-on for cats contain natural extracts of valerian, which help reduce stress and anxiety in cats. They are ideal for changes in environment, travel, visits to the vet or the arrival of a new pet in the household.

---

### Package contents:

- 2x spot-on with anti-stress solution

---

### Instructions for use:

1. Carefully open the spot-on.
2. Apply the entire contents of one spot-on between the cat's shoulder blades, directly onto the skin.
3. Avoid contact with eyes and mouth.
4. The effect occurs within a few hours and lasts for approximately 1 week.
5. Repeat application every 7 days or as needed.

---

### Notice:

- For animals only.
- Keep out of reach of children.
- Store in a dry and cool place, out of direct sunlight.
- Do not use on kittens under 3 months of age.
