

## *Menforsan Anti-stress collar for cats*

### *Package contents:*

*1x anti-stress collar for cats (length: 30 cm)*

### *When to use:*

*When changing environment (moving, new household)*

*When visiting the vet*

*When traveling (car, train, crate)*

*During thunder, lightning or fireworks*

*When a new member of the household arrives (animal or human)*

*Excessive meowing, scratching, or marking*

### *Instructions for use:*

*Remove the collar from the packaging just before use.*

*Place the collar around your cat's neck and adjust the size so that there is 1-2 fingers of space between the neck and the collar.*

*Cut off the excess end.*

*Leave the collar on continuously. It takes approximately 1 hour to become effective.*

### *Notice:*

*Intended for cats only.*

*Not suitable for kittens under 3 months old.*

*Not intended for consumption.*

*Keep out of reach of children.*

*In case of skin irritation, remove the collar immediately.*

### *Composition:*

*Valerian (Valeriana officinalis) – natural essential oils*
