

OdorTrap for Litter-Robot 4

INSTALLATION INSTRUCTIONS

Open the top cover of the Litter-Robot 4 toilet

- Gently lift the lid to gain access to the inside of the unit.

Find the designated location for the OdorTrap holder

- You will see a slot inside the unit (the holder fits over the waste outlet).

Insert the OdorTrap holder

- Slide the holder into the prepared space - it should fit securely without the need for force or tools.

Insert up to three OdorTrap refills (not included)

- Open the OdorTrap package and simply insert them into the holder.

Close the top cover of the toilet

- After installing the holder and refills, snap the cover back on.

Done!

- Your toilet is ready to neutralise unpleasant odours more effectively.

Tip: For optimum effect, we recommend changing the OdorTrap refills approximately every 2-3 weeks.

The device has been approved for use in EU countries and is therefore provided with the **CE mark**. All necessary documentation is available on the website: www.electric-collars.com
Changes to technical parameters, properties, and printing errors are reserved.
