- Before extended handling, ensure the filter has sufficient salt content and the waste bin has enough space.

[illegible]

Disposal: The European Directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE) requires that old household electrical appliances must not be disposed in the normal unsorted municipal waste stream. Old appliances must be collected separately in order to optimize the recovery and recycling of the materials, to maintain and reduce the impact on the environment and the climate. The crossed-out "washed bin" symbol on the product reminds you of your obligation when you dispose of the appliance. Please do not separately collect. Consumers should contact their local authority or dealer for information concerning the correct disposal of their appliance.
