CeramicheBorso

Esperienza, Tradizione, Passione

Arredare un punto luce è questione di stile.

È questa filosofia che dagli anni '70 spinge Ceramiche Borso a dedicarsi giorno dopo giorno alla produzione di lampadari, lampade da tavolo, applique e plafoniere di pregio, raffinate nel gusto e uniche nella forma.

L'azienda a conduzione familiare ha carpito nel tempo i segreti di un materiale nobile e naturalmente elegante come la ceramica. Così da piccolo laboratorio artigianale si è trasformata oggi in una solida realtà, apprezzata nel territorio e aperta anche a mercati esteri.

Forte di questa esperienza e fedele alle proprie origini, progetta e vende esclusivamente lampade finemente lavorate e decorate a mano. Grazie all'attenzione per il senso estetico contemporaneo ha inoltre saputo rivisitare negli anni lo stile classico, seguendo le più moderne tendenze del design di illuminazione per interni.

Il marchio di Ceramiche Borso è oggi un simbolo della qualità e dell'originalità del made in Italy: una firma autentica che solo il connubio tra storia, arte e passione può garantire.

Completano il profilo aziendale la massima disponibilità a soddisfare le richieste dei clienti, la particolare dedizione e professionalità con cui viene seguita ogni fase della produzione, dalla progettazione alla realizzazione delle finiture, fino alla consegna del prodotto al cliente.

Perché secondo Ceramiche Borso ciascuno merita di poter valorizzare i propri ambienti, conferendo ad essi una personalità e una ricercatezza senza tempo.

Experience, Tradition, Passion

Furnishing a light point is a matter of style.

Since the 1970's, day by day this philosophy has encouraged Ceramiche Borso to focus on the production of precious lamps, table lamps, wall and ceiling lights, with a refined taste and a unique shape.

Over time, the family-run business has learnt the secrets of a noble and naturally elegant material like ceramic. From a small craft workshop, it has now become a solid reality, which is locally appreciated and at the same time open to foreign markets.

Drawing strength from this experience and being loyal to its origins, the company designs and sells finely manufactured and hand-decorated lamps only. Over time, owing to an eye for the contemporary aesthetic taste, it has also managed to renew the classic style, meeting the needs of the most modern trends in interior lighting design.

Today the Ceramiche Borso brand has become a symbol of the quality and originality of the Made in Italy concept: a genuine brand that only the union of history, art and passion can guarantee.

The company profile is completed by a strong will of meeting all customers' needs, the dedication and professionalism with which each manufacturing stage is monitored, from design to finish, up to the delivery of the product to the customer.

Because in Ceramiche Borso's opinion all interiors deserve to be enriched with personality and timeless elegance.
