JOURNEY TO THE PAST

Hello!

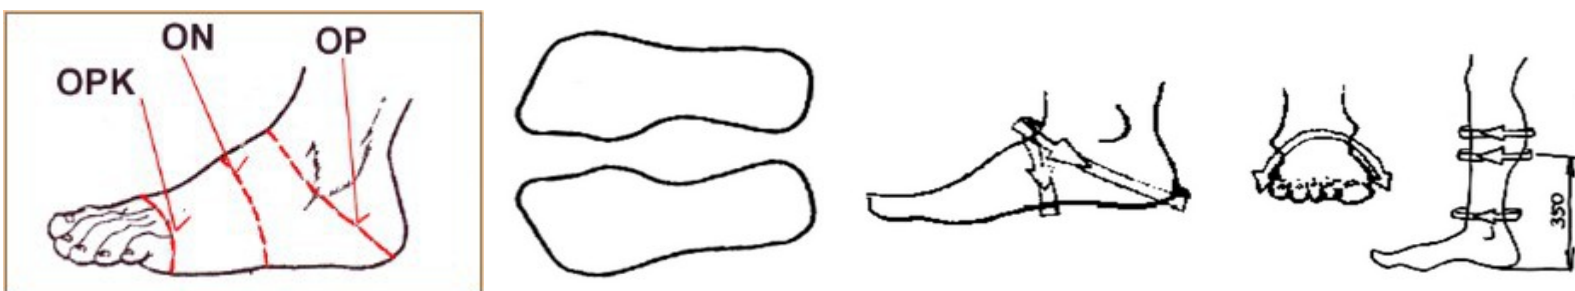

Thank you for your purchase! Your boots will be made to order. To make them well-fitted, we need your complete sizes. Please note that all the sizes have to be in **centimeters**.

Firstly, please, draw contours of your both feet and inscribe into the picture lines with the total length and width in cms (the parallel longest axis and the vertical shortest axis). Draw contours with pencil upright (not diagonally).

Here you can find an example:

Secondly, we need the circumference of the widest part of your sole (OPK), the circumference of your instep (ON) and the circumference of your heel (OP).

Thirdly, the circumference of your leg above ankle, circumference of your calf at the height of 35 cm above the floor and circumference of the calf (max. size) are needed.

If you want to ease our job, here is a simple table you can fill for us:

LEFT	
EU Size:	
Length of the sole:	
Width of the sole:	
Circumference of the widest part of your sole (OPK):	
Circumference of your instep (ON):	
Circumference of your heel (OP):
