1. About this instruction manual

Read these installation instructions carefully and keep them within reach of the product. This ensures that you can refer to information regarding your safety and the installation at any time.

Symbols

Symbols and signal words are used in these installation instructions which have the following meanings:

ATTENTION!

This keyword is a warning that damage to property can occur.

This symbol indicates tips and useful information.

2. Important information for your safety

2.1. Intended use

The CP-RM-HSR / CP-STB-HSR bracket set allows a wooden railing to be fastened to the Concept R mini sauna heater, to the auxiliary evaporator R and to the auxiliary evaporator R black.

Any use exceeding this scope is considered improper use. Improper use can result in injuries and damage to the product.

The CP-RM-HSR / CP-STB-HSR bracket set is suitable for the following railing models:

<i>Item number</i>	<i>Description</i>	<i>Suitable heater / evaporator models</i>
CP-RM-L / CP-STB-L	LINDEN wooden railing	CP-RM-35 / RM-45 / CP-RM-60 / CP-25-STP / CP-25-STP-B
CP-RM-N / CP-STB-N	WALNUT wooden railing	

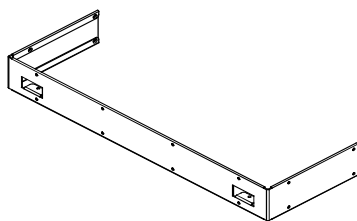

EN

2.2. General safety information

- Remove any residual packaging from the bracket. It could ignite during operation of the sauna heater/evaporator.
- Install the railing bracket and the finished railing using a normal screwdriver. The product may be damaged by use of a cordless drill.
- For your own safety, consult your supplier in the event of problems that are not described in sufficient detail in the user instructions.

ATTENTION!

Damage to the product

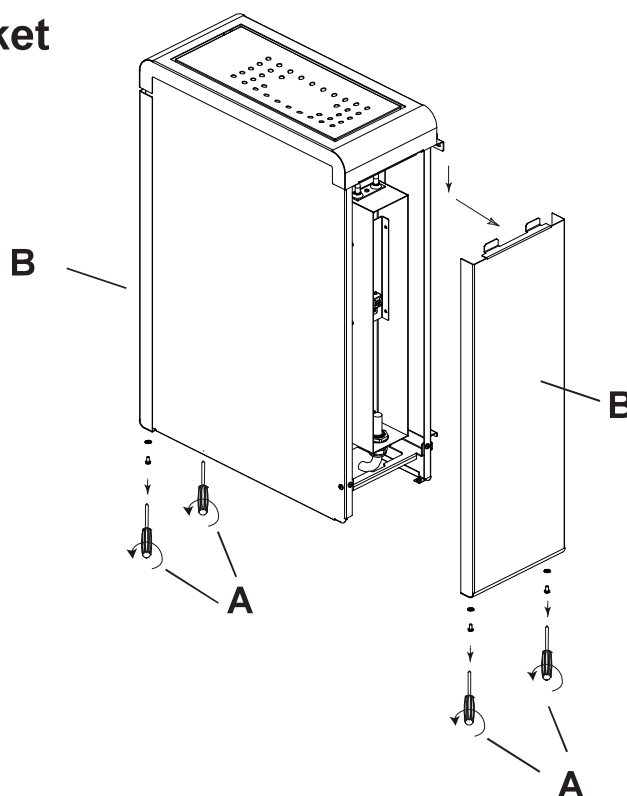

The product may be damaged by use of a cordless drill.

- Use a normal screwdriver to install the railing bracket.

5.1. Installing the railing bracket

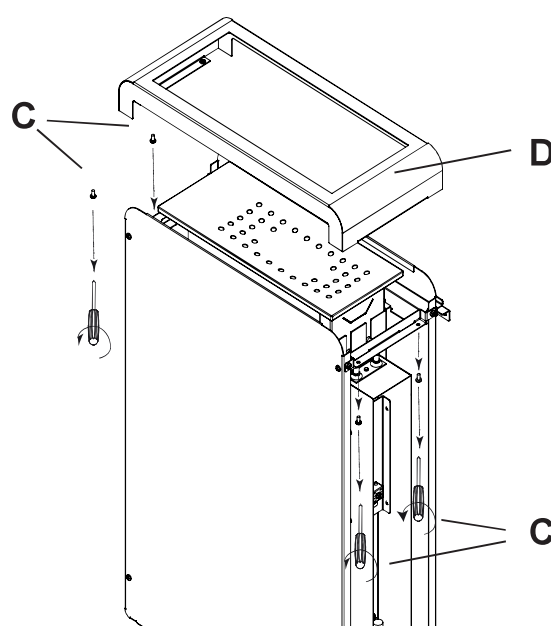

Step 1

Remove the screws **A** using a screwdriver. Remove the two cover plates **B**.

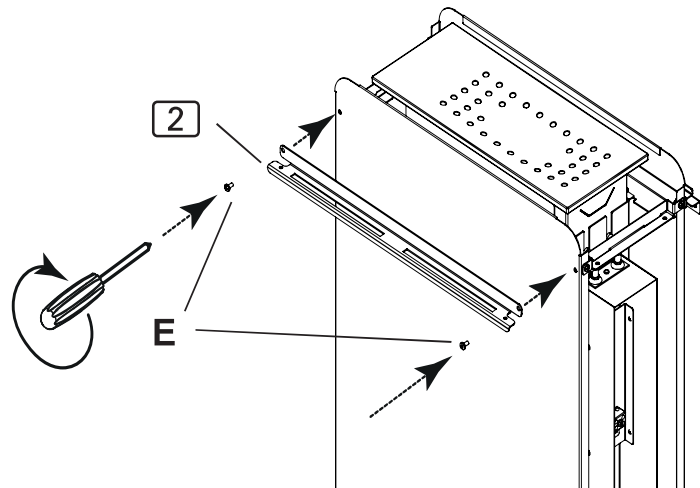

Step 2

Remove the screws **C** and remove the cover frame **D**.

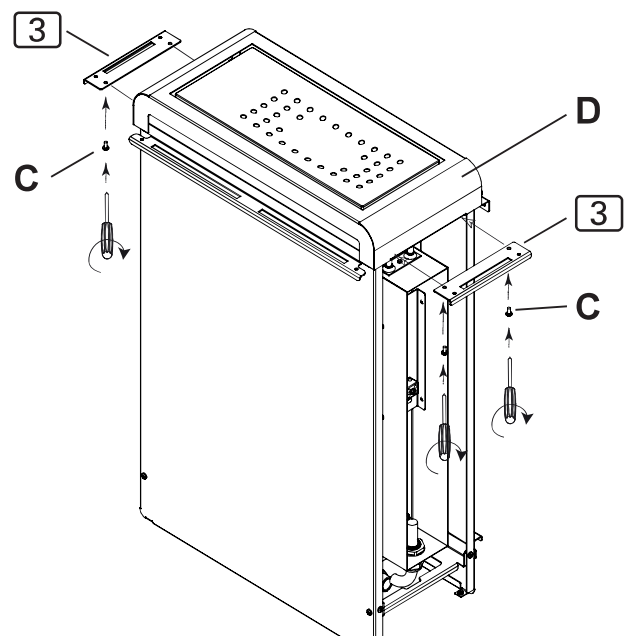

Step 3

Remove the screws **E** and use them to install the long railing bracket **2**.

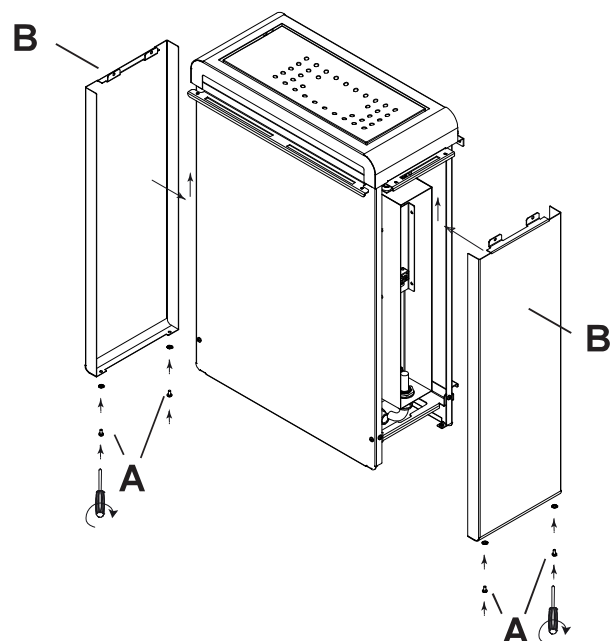

**Step 4**

Use the screws **C** to install the two short railing brackets **3** and the cover frame **D**.

Install the two cover plates **B** (see disassembly, step 1).

**Step 5**

Install the two cover plates **B** using the screws **A**.

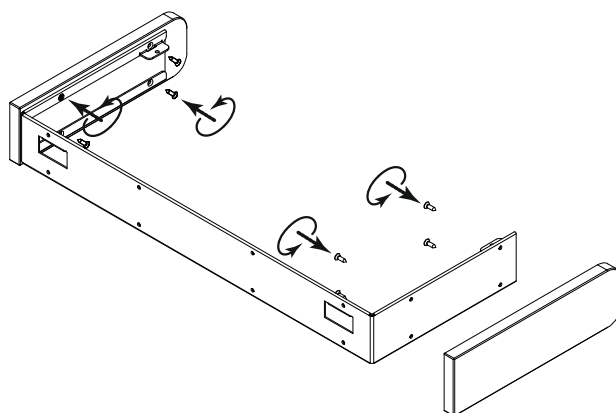

5.2. Installing wooden parts on the mounting bracket

To do this, use the wood screws provided.

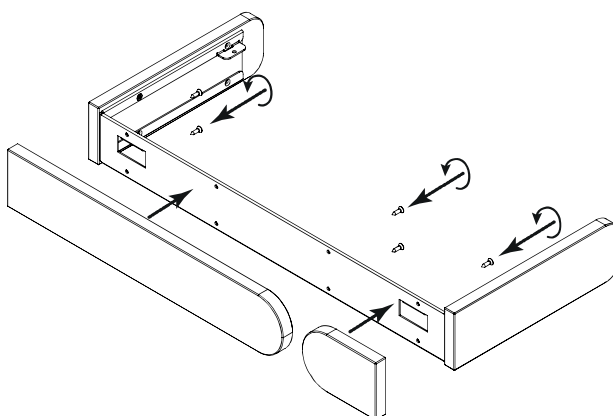

Step 6

Screw the side panels **4** onto the mounting bracket **1**.
Use wooden screws for each side panel 4.

Step 7

Screw the short wooden panel **5** to the mounting bracket **1** using 2 wooden screws, and the long wooden panel **6** using 4 wooden screws.

5.3. Installing the railing

ATTENTION!

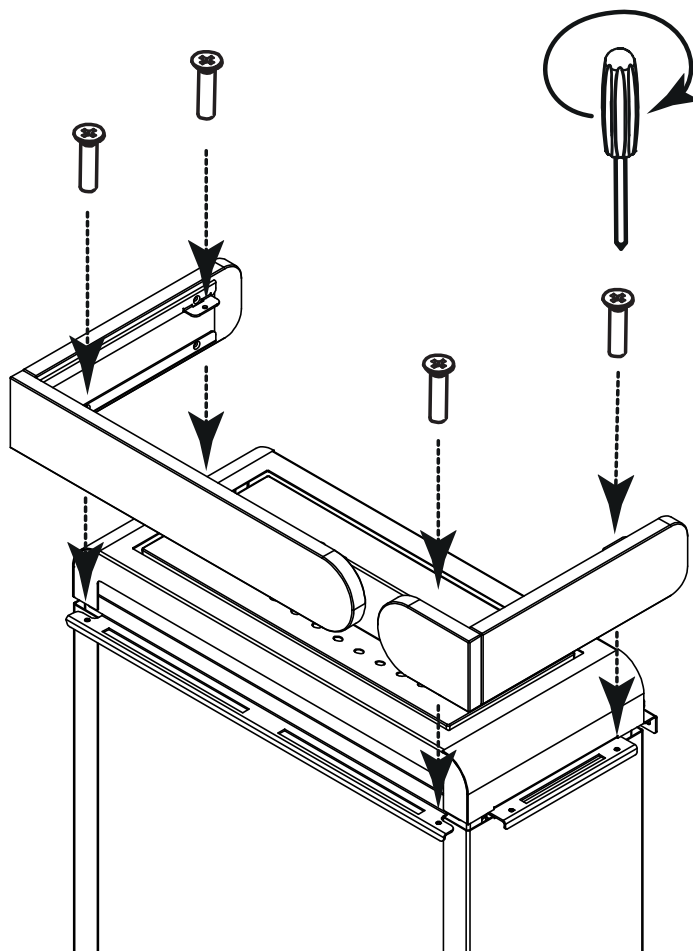

Damage to the product

The product may be damaged by use of a cordless drill.

- Use a screwdriver to install the railing.

Step 8

Screw the railing to the railing brackets from above. To do this, use the rounded head screws provided.

6. Disposal

- Please dispose of packaging materials in accordance with the applicable disposal regulations.
- Used products contain reusable materials and hazardous substances. Therefore, do not dispose of your used product with household waste, but do so in accordance with the locally applicable regulations.
